P R O J E T C S

PIXSTOCK

HTML | CSS | JS

Enormous scrolling and any custom color gradietion this app have builded up using pixels API this is the scalable Projects I've ever done with stunning UI , It can be used for watching Pictures and videos.

TVFLIX

REACT | TAILWIND | API

This app has a ability to show any movies it's similiar to Netflix. The stunning UI and UX makes intresting to use and watch any movies and web series . .

Recipe App

NEXT | API | NODE.JS | SQL

The app builded with vanilla JavaScript and Recipe Search API , The dark and light theme customization and this app is fully responsive it can be look great on any devices.

C E R T I F I C A T E S

MERN STACK DEV

Enrolled in MERN stack internship cohort program where I've been learned Javascript and core JavaScript Architecture (ROAD TO CODE)

GENEARATIVE AI

Through hands-on projects, I have developed the ability to generate human-like text, create realistic images, and explore the capabilities of AI in generating diverse and engaging content. (LINKEDIN)
